VALVE COVER GASKETS

Engineered for Maximum Performance

Designed for superior sealing and longer service life, Duralast valve cover gaskets outperform other brands, reduce come-backs and increase customer satisfaction. Engineered for maximum performance, Duralast valve cover gaskets bring superior O.E. technology to the aftermarket.

- Advanced materials engineered for longer life and greater durability.
- Application-specific designs provide effective sealing for all engine types.
- Created to withstand extreme heat for greater performance and reliability.
- Designed to provide a perfect fit for easy installation.
- Extensive model coverage.
- O.E. technology for the aftermarket... engineered to meet or exceed O.E. specifications.
